

Sinclair Broadcasting's decision to order their stations to air an anti-Kerry propaganda documentary days before the election is a clear example of a major abuse of their stations licensing privileges and obligation to operate in the public interest. Unless Sinclair decides to either revoke their order ... or postpone telecasting until after November second, or similarly broadcast "Fahrenheit 9/11" before election day and in prime time ... their broadcasting privileges should be enjoined and their stations licenses should be revoked and reassigned.
